per/day

### Safe Patient Ratio

### What Sets Our Pediatric Emergency Department Apart

Our 28-bed emergency department is Oklahoma City's only 24/7 pediatric ER – and is home to the state's only level I pediatric trauma center. Caring for patients with a wide variety of conditions, our staff is trained to care for some of the sickest pediatric patients.

Nurses choose to work in the unit because of the busy environment, multidisciplinary teamwork across specialties and our unique trauma designation.

As a member of the emergency department clinical care team, you will have opportunities to receive training in a variety of areas such as:

- Monthly departmental mock codes
- Bi-monthly trauma mock codes
- Physician led-education series
- Burn bootcamp
- Trauma responder class
- Triage Class
- US-guided PIV

Watch our YouTube Channel, [here](#).

### Unique Care You Will Provide

- We see it all — from runny noses to DKA, sepsis, respiratory failure, sickle cell crisis, neutropenic fever and fractures.
- We see patients of all acuities, and we treat level II and level III traumas within the department, and we receive special training to respond to pediatric level I traumas.
- We perform conscious sedation procedures.

### About Oklahoma Children's Hospital OU Health

Oklahoma Children's Hospital OU Health is the state's only comprehensive pediatric hospital. U.S. News & World Report named us one of the Top 50 Children's Hospital for Pediatric Cardiology & Heart Surgery and Pediatric Gastroenterology & GI Surgery. We provide the state's most comprehensive level IV NICU, region's only pediatric heart center, region's only pediatric BMT & CAR-T Therapy program, state's only level IV pediatric epilepsy center and high-risk pregnancy, labor and delivery care in our hospital.
